Höllviken

The largest town in Vellinge municipality is HÖLLVIKEN, with roots from the Viking age, which, with its strategic location, has developed over the last 50 years from a popular seaside resort and mostly summer residence to a year-round residence. On one side is the Baltic Sea with a half-mile-long white sandy beach with dunes; on the other side is a shallow beach towards Öresund, which has become popular among surfers.

The white sandy beach, lined with characteristic bathing huts, is considered one of the best beaches in Europe and forms the southern coast of Höllviken towards Kämpinge Bay.

Accommodation & Food

The accommodation is in Höllviken, a town near Malmö, Sweden. Höllviken is accessible through public transportation from Malmö & Copenhagen airports.

The accommodation will be near the nature. Indeed, the participants will sleep in a lovely camping cottage for youth where many youth spend their summer holidays. It is one of the most attractive summer holiday areas in southern Sweden.

The participants will sleep in the big cottage, having separate rooms for both genders. There are single- and two-bed rooms where the leaders from each country can be accommodated.

WIFI: There is no wifi device in the cottage. For those who want to use the internet, it shall be arranged from their countries of departure, as under EU roaming is free.

Alcohol & Cigarettes: Consumption of alcohol and smoking cigarettes are strictly prohibited in the accommodation and surrounding areas, as the accommodation belongs to the municipality. Participating organizations shall make sure that they take care of this aspect while choosing participants.

Food: Since the cottages are fully equipped, the participants will take their breakfast in the morning directly from the kitchen. Meals will be cooked in teams by the participants. Participants will be asked to contribute to washing dishes, common spaces, and rooms supported by leaders.

Leisure Time

The program of the youth exchange will combine both indoor & outdoor activities and pedagogy so that the participants can explore the surrounding areas. Malmö Festival will be taking place in the same week as the youth exchange. Thousands of people visit Malmö to attend the festival with daily musical performances by famous artists not only from Sweden but from around the world!
